## REACH Statement of Compliance.

Subject: Substances of Very High Concern (SVHC's)

Sumika (UK) are aware of the European Union REACH (Registration, Evaluation and Authorisation (and restriction) of Chemicals Regulations)) 2007; including the expansion of the REACH SVHC's list to 173 as of January 2017.

Suppliers must provide recipients with information on SVHC if those are present above a concentration limit of 0.1%. Due diligence is conducted throughout the supply chain and as far as can be reasonably ascertained, from the evidence and declarations made, Sumika (UK) are compliant with the requirements of these regulations and directives.

Therefore, testing is not specifically carried out to detect the presence these substances and trace levels, below the stated thresholds, may be present. The obligations are continually reviewed and Sumika work closely with the supply chain to ensure any changes are identified and if required notified in accordance with the regulations.

The complete list can be found at the following link:
